Who We Are

About Us

As a General Contractor with over 20 years of industry experience, every job that we do is unique. Projects vary in scope from the services needed to the challenges that we face. Built Right LLC offers a 100% commitment to excellence. We plan, manage, and implement basic maintenance to full scale renovations from start to finish. Throughout the entire project life cycle, we emphasize the four main factors that are necessary for success: customer service, quality workmanship, attention to detail, and safety. When these key factors are coupled together, we are able to give our clients peace of mind knowing that their properties are everything they expect when they are complete.

We mainly service, Pierce, Thurston and Lewis Counties.
